Public transport

There are excellent connections to Amsterdam Zuid – WTC station from Schiphol Airport by train and from Central Station by tram or metro. A train leaves from Schiphol Airport approx. every 10 minutes. Zuid – WTC is the first stop. From Central Station you can take either the tram (line 5 direction Amstelveen) or the metro (line 50 direction Gein) to station Zuid – WTC. Our offices are located on a few minutes walking distance from the station.

When arriving by train: at the bottom of the stairs of the platform take the “Zuid” exit towards the ABN AMRO / Mahler 4 buildings. When arriving by tram or metro, enter the train station and go straight through. At the south side of the station our office is located in the Viñoly building (see map) on your right hand side. Enter the Claude Debussylaan between the Viñoly and the Ito building and you will find our entrance at the far end of the building on your right.
